Agro Advisory

General		Farmers are requested to download and utilize the agricultural based mobile apps suggested by TNAU (TNAU AAS, Meghdoot and DAMINI).
Rice	Nursery	Considering favourable weather, prepare nursery for samba crop and make sowing.
		For Samba nursery, application of 2 kg DAPS/ cents is recommended.
		The Prevalling weather condition favours for thrips infection In rice nursery spray Azadiraction 0.03% (3 ml/litre of water) with sticking agent Khadi Gopura Bar Soap @ 3g/litre 10 days after sowing.
		Considering favourable weather land preparation can be done for samba rice cultivation.
Banana		Provide support with wooden poles to avoid lodging of tree due to wind.
Cattle	Cow	Before and after milking, clean the udder using potassium permanganate solution to avoid mastitis disease.

SMS advisory

Considering favourable weather land preparation can be done for samba rice cultivation.
