To  
The Editor,

Date: 7-6-2016

Sir,

I request that the following matter may kindly be published in your esteemed daily:

**TNAU signed MoU with Centre for Development of Advanced Computing  
(C-DAC), Hyderabad**

Tamil Nadu Agricultural University (TNAU) is a leading Agricultural University in India focusing on various agricultural activities for the well being of farmers. A Memorandum of Understanding (MoU) was signed between TNAU and Centre for Development of Advanced Computing (C-DAC), Hyderabad for the development and usage of ICT tools and softwares for extension education, training, consultancy, research and information services. This agreement was signed by the honorable Vice-Chancellor of TNAU Dr. K. Ramasamy, in the presence of the Registrar of TNAU Dr. C. R. Ananda Kumar, Director of Extension Education Dr. H. Philip and Director, C-DAC Mr. A. Magesh on 7-6-2016.

It is proposed to convert Agritech Portal and Crop Doctor into web-enabled platform. Agritech Portal and Crop Doctor have been as desktop applications so far. Hence, this MoU will pave the way for making the Agritech Portal and Crop Doctor into user friendly mobile applications.

Moreover, the agreement between the two parties will provide a backend technical support to TNAU for implementing various ICT based projects at e-Extension centre, Education Media Centre, DoEE etc. All attempts will be made to ensure that developments and projects are accomplished to a very high degree of quality, with parsimony of time.

Asst. Public Relations Officer
