To
The Editor,

Date: 9-1-2017

Sir,

I request that the following matter may kindly be published in your esteemed daily:

One day Training on Mass Production of Biological Control Agents

In order to create awareness on the beneficial insects and their mass production, a one day training programme on the mass production and field application of biological control agents in crop cultivation has been planned. The farmers, farm women, entrepreneurs, youth and home maker doing kitchen garden will be benefitted by the training programme. In this training programme, the use of common biological control agents like parasitoids, predators and entomopathogens will be explained to participants in the forenoon and the practicals on the mass production and field application of bio control agents in the afternoon.

The participants will be issued certificate and also provided with tea for two sessions and lunch. The training programme is fixed on 31-1-2017 (Tuesday) which starts from 9.00 AM in the morning at the Department of Agricultural Entomology, TNAU, Coimbatore.

Fee for the one day programme is Rs.750/-. Interested persons are requested to register on or before 27-1-2017 by contacting Professor and Head, Department of Agricultural Entomology, TNAU, Coimbatore, entomology@tnau.ac.in, Phone: 0422-6611414 / 214.

Training opportunity is based on first cum first serve basis.

Public Relations Officer
