TNAU conducts Workshop on Patenting Innovations

Tamil Nadu Agricultural University, School of Post Graduate Studies organised a workshop on Patenting Innovations on 24.01.2023 at the Online Academy, SPGS, TNAU, Coimbatore to promote more student's participation and filing of patents from student's research. More focus was given to explore the hidden talents and concepts of young innovator research into commercial patents to solve the problems of agriculture. About 20 innovations of agriculture comprising crop improvement, management, crop protection and farm mechanization were conceptualized for filing innovative patents. This patent workshop was inaugurated by Dr. V. Geethalakshmi, Vice-Chancellor, TNAU and felicitated by Dr. V. Girija, IP Attorney, Bengaluru. Dr. N. Senthil, Dean (SPGS) felicitated and briefed about the workshop. Dr. N. Natarajan organized the events of the workshop and Dr. N.O. Gopal, Professor welcomed the gathering.
