

Faculty should pay attention to Research: VC TNAU told

One day workshop on “Empower your research with ScinceDirect and using Scopus as a research and publishing tool has been held in TNAU for its Scientist.

This workshop was joined arranged by Directorate of Research and Department of Physical Science & Information Technology. Welcoming the Scientist who are turned for Workshop, Dr. M. Maheswaran, and Director of Research said that funding organization for Research such as UGG, DBD & DST are evaluating the potential of Universities and its faculty only through their research publications. Hence, all the faculties should improve their skill on Research effectively utilizing this Workshop.

Inaugurating the Workshop Dr. K. Ramasamy, Vice-Chancellor, TNAU said that the faculties of TNAU should concentrate more on Publishable Research on par with International standards. The publishing the research on an appropriate journal is very important because it’s not only create and provide identity to the Scientists and also bring fame to our University. Hence, all the Scientists who are turned for this Workshop effectively use this opportunity to hone their skills and understand and concentrate research issues which is relevant and contemporary to our field.

There are 90 facilities from TNAU were attended in this Workshop. Dr. C.R. Anantha Kumar, Registrar, TNAU and other University Officers were also attended this Workshop. Finally, Dr. M.R. Duraisamy, Prof. & Head, Dept. of Physical Science & Information Technology, TNAU offered a vote of thanks.
