Sir,

I request that the following matter may kindly be published in your esteemed daily:

District Level Green Brains'15 Kids Contest in TNAU

B. Tech (Energy and Environmental Engineering) students of Agricultural Engineering College and Research Institute, Tamil Nadu Agricultural University (TNAU), Coimbatore organized the **GREEN BRAINS'15** “We Are The World, We Are The Children” district level kids contest on Sept. 6, 2015 as a forerunner of ECOFEST'15, Envisioning Feasibility 9th National Level Symposium.

Four interesting events were conducted for the school student's namely young engineer (quiz), young artist (drawing competition), young scientist (model presentation), young creator (junk art-waste to wealth). Quiz was conducted for the higher secondary students based on science and engineering. About 40 students participated enthusiastically and answered the questions intelligently. In drawing competition, which was on the theme of Green City, World Without Oil, Pollution for both primary and secondary level, the students presented their ideas through sketches, vividly and beautifully.

Model Presentation was based on Renewable Energy, Green Building and Pollution Control, in which the young inventors presented their scientific mind through their creative models. Nearly 25 models were presented which shows their innovation and they explained it with great enthusiasm. The last event was the Junk art-Waste to wealth for the secondary level students. The students created innovative junk art and exhibited their presence of mind through it.

The College professors Junk art- Dr. Indhu Rani, Drawing - Dr. M.R. Latha, Quiz- Dr. Balaji Kannan, Model Presentation- Dr. S.V Kottishwaran were the judges for the various events, who encouraged the students. All the students were given with participation certificate and the winners will be awarded with prizes on the day of eco-fest. Thus the event was a grand success with colourful drawings, model and junk art of the young students.
